18.0 CONCLUSION
1.0 INTRODUCTION

All leadership is from God, who provides necessary support systems to enable success in whichever circumstances. I thank our Lord God Almighty for guiding me through these past five years and may He continue to uplift Makerere University to its desired position “To be the leading institution for academic excellence and innovations in Africa”.

I am glad to be passing over the mantle to the Vice Chancellor Elect, Professor Barnabas Nawangwe and wish him a very fruitful term of office as Vice Chancellor of Makerere University effective 1st September 2017.

During my tenure as Vice Chancellor of Makerere University, a position I assumed on 1st September 2012, the University has registered tremendous success. I wish to begin, first and foremost, by recognising and appreciating the support I have been privileged to have during the five (5) years of my tenure:

i) I register my heartfelt appreciation to the Government of Uganda and especially the Head of State, H.E. President Yoweri Kaguta Museveni for the unwavering support rendered to this great institution during my tenure as Vice Chancellor.

ii) Thank you to the various individuals and organs of the Ministry of Education and Sports, whose support is critical for our success. Special thanks go to the First lady and Hon. Minister of Education and Sports, Maama Janet K. Museveni for her continuing support.

iii) I appreciate the invaluable support from the Office of the Chancellor, beginning with Professor Mondo Kagonyera whose term ended in 2015 and now Professor Ezra Suruma.

iv) I am most grateful to the University Council led by Eng. Dr. Charles Wana-Etyem for the guidance and support to me and the entire Management team.

v) My special thanks to the entire Makerere University community including all staff, students and their guardians. In your different capacities, thank you for working with Management to progress Makerere University in your different capacities.

vi) I thank the members of University Management, with whom we have worked together to steer this great University. Thank you for your support. It has been a tumultuous five years but we weathered the storms together.

vii) Thank you to members of Senate for your support, particularly regarding matters of academics and academic policies.

viii) I thank our staff associations, MUASA, MASA, NUEI for all your support and guidance throughout my term of office. Despite our differences in opinion especially with regard to the incentive, we have managed to sail through.

ix) I also thank members of the Convocation for all the initiatives undertaken during this time, especially with regard to the perimeter wall project.

x) I cannot forget the Uganda Police Force under the leadership of General Kale Kayihura for ensuring that we have had a peaceful environment throughout these five years, especially during periods of unrest. Many thanks got to the Chief Security Officer Mr. Jackson Mucunguzi and OC Makerere University Mr. Denis Nyanzi Kasibante as well as other officers who have served Makerere University during my tenure.

xi) I acknowledge the great contribution of all our Development Partners. Your support is very important in helping us realise our core functions.

xii) I thank the members of staff in Offices under the Vice Chancellor; Deputy Vice Chancellor (Academic Affairs), Deputy Vice Chancellor (Finance and Administration), Public Relations Office, International Office and the Counselling and Guidance Unit for all the support rendered to me throughout my tenure. I pay special tribute to the staff in my office; Ms. Caroline Nanono
Jjingo, Ms. Doreen Esther Tazwaire, Ms. Robinah Nabakooza, Mr. Sam Kyambadde, Mr. Paul Kimoga, Mr. Abaasa Iddi, Mr. Pascal Mukasa and my driver Mr. Dan Sajja.

xiii) To everyone I have not mentioned and all institutions that have supported my tenure as Vice Chancellor, I thank you.

2.0 RESPONSIBILITIES OF THE VICE CHANCELLOR

The role and function of the Vice Chancellor is described in two key documents; The Universities and other Tertiary Institutions Act (2001), and the Makerere University Human Resources Manual.

Section 31 of the Universities and other Tertiary Institutions Act (2001) states that the Vice Chancellor is “… responsible for the academic, administrative and financial affairs of the University; and in the absence of the Chancellor, preside at ceremonial assemblies of the University and confer degrees and other academic titles and distinctions of the University”.

As outlined in the Human Resources Manual, the Vice Chancellor:

i) Appoints Visiting Professors and Lecturers on the recommendations of the Heads of Department submitted through the responsible Dean of Faculty and the Director Human Resources;

ii) Appoints Part-time staff who serve for up to six (6) months on recommendation of the Dean/ Director of a particular Faculty/School/Institute;

iii) Authorises in writing all acting appointments;

iv) Authorises official and specific travel of the DVCs, Principals/Deans/ Directors and members of Management.

v) Suspends services of an employee;

vi) Grants special leave to an employee to carry out special duties beneficial to the University for a period not exceeding three months;

vii) Grants secondment for a specified period of time, following necessary consultations;

viii) Grants permission for study leave, through the Head of Department, and Director, Human Resources, irrespective of the source of funding and

ix) Grants sabbatical leave for a comprehensive and acceptable research programme or academic activity which shall be undertaken during that period.

Two other vehicles Reg No: UAA 948E and Reg No: UAA 850F service the Public Relations Office and the International Office respectively.

5.3 **Vice Chancellor’s Lodge**

The Vice Chancellor’s lodge is in poor state. It requires major improvements/renovations. However, during the five years, the following have been done

i) Police/Guard House Unit construction.  
ii) Burglar proofing in some rooms.  
iii) Erecting of a chain link fence, which still requires improvements, especially below the garden.
5.4 Challenges within the Vice Chancellor's Office

a) The office is overwhelmed by level of paperwork. There is need to streamline the chain of custody and mandate of incoming communications both from within and outside the University. This will ensure that the Office focuses on its core strategic objectives.

b) The Office of the Vice Chancellor is underfunded and yet has several important expense activities including hospitality for VIP guests.

c) Over the past five years, the Vice Chancellor has operated with one Personal Assistant and yet previously the office had two; one in charge of Administrative duties and the second in charge of General duties.

d) Lack of transport means/van to transport official visitors

e) All vehicles except the official vehicle of the Vice Chancellor (Reg No. UAJ 647X) are in poor mechanical condition.

f) The Office is understaffed, especially in the International Office and the Counselling and Guidance Unit

6.0 HUMAN RESOURCES

Makerere University has three broad categories of staff:

i) Academic
ii) Administrative
iii) Support

The talent pool of Academic Staff stands at 1,416; the Administrative Category has a total of 333 and the Support Category is 1,460.

Table 7 below is a breakdown of the Academic Staff as adopted from the Directorate of Human Resources, 2017. Makerere University is operating at 46.4% of the total academic staff establishment; operating at 45% of the total administrative staff establishment, 42.8% of the support staff establishment; and 45% of the total staff establishment of Makerere University and hence it is heavily understaffed.

There is another category of staff referred to as Stop-gap, who are engaged on Short-term contracts as a measure to cover staffing gaps. The number is over 300 and some have over stayed in this category.

6.1 Human Resource Challenges/Problems

1) The actual number of staff is unknown.
2) The Directorate of Human Resources is faced with several structural weaknesses.
3) A number of units are understaffed.
4) Heavy reliance on Stop-gap staff and part time lecturers.
5) Unit Heads have a tendency to engage/appoint staff without the knowledge of the Centre.
7.0 STUDENT NUMBERS

According to the Annual Report 2016, the following are the student numbers for enrolment, admissions and graduation:

a) Enrolment

Makerere University main campus accounts for 85% of the total students, while 15% are registered on programmes tenable at affiliated institutions including Makerere University Business School (MUBS). As at January 30, 2017, the total enrolment for undergraduate programmes was 38,533 students and 2,587 for graduate programmes. The overall enrolment total is 41,120 students.

b) Admissions

Makerere University continues to attract many students, particularly on undergraduate programmes. For Academic Year 2017-2018, a total number of 21,913 students were admitted as follows; 11,720 undergraduate, 2,696 postgraduate and 7,497 at Makerere University Business School (MUBS).

c) Graduation

The number of graduands has been increasing over the last five years as per Table 9. During the period 2012 to 2017, the total number of graduands has been 67,253 of whom 51.4% were male and 48.6% female. The total number of PhDs graduated was 316 of whom 71.5% were male and 28.5% were female.

9.0 FINANCIAL STANDING OF THE UNIVERSITY

9.1 Sources of funding
Makerere University’s funding is from three major sources:

i) Government of Uganda through the Annual Subvention allocated by the Ministry of Finance Planning and Economic Development
This subvention captures Wage, Non-wage that caters for the operational costs of the university and Development of UGX 160 million per annum. In addition, government support encompasses funding received under the Presidential Initiative for Science and Technology.

ii) Non Tax Revenue (NTR)
This is derived from tuition and other fees paid by the students categorized as fee paying. This resource contributes to the wage bill and other operational costs of the University. The non-tax revenue is part of the overall university budget as approved by Parliament and is treated as Appropriation In Aid (AIA) by the consolidated account. The University has continued to face challenges in realizing the budget under this category.

iii) Support from Development Partners
This has predominantly catered for research and development across the various disciplines. These partners fall into three major groupings, bilateral support from governments, and institutional support mainly from Foundations and project-based support that have specific areas of focus. Notable development partners over the past 5 years are the Government of Sweden under Sida, Government of Norway under NORAD, USAID, the National Institutes for Health, Carnegie Corporation of New York, the MasterCard Foundation. This is largely treated as off budget support to the University.

9.2 Indebtedness
As of June 2017, the University is indebted to a tune of UGX 77.6bn as outlined in Table 5 below:

9.3 Management fundraising initiatives

Management is aware of the inadequacy of finances to run the University. Makerere University therefore adopted the strategy of resource diversification to broaden the resource base and address some of her long term financial challenges. The University Council instituted the **Makerere University Endowment Fund** with a Board of Trustees chaired by Dr. Martin Aliker. Its mandate is to mobilize resources and grow these resources to fund the Universities activities such as research, innovations, teaching and learning, scholarships and budgetary support to other activities of the University.

Council instituted another body the **Makerere University Holding Company** to handle commercial investments and real estate development. This is managed under a Board of Directors, Chaired by Mr. Charles Mbire.

10.0 PARTNERSHIPS AND COLLABORATIONS

During the period September 2012 to August 2017, I signed a total of 161 MoUs/Agreements, in furtherance of our core function of Knowledge Transfer Partnerships and Networking: The bulk of these were signed in 2014 as per Table 6 below.

13.0 ACHIEVEMENTS DURING THE PERIOD 2012-2017

During this period, a number of achievements have been realised in the areas of University Visibility; Teaching and Learning; Research and Innovations; Knowledge Transfer Partnerships and Networking; Support Services; Physical Infrastructure as well as Student and Staff Support, among others.

13.1 University Visibility

Online visibility of the University has improved over the years with staff uploading more of their research publications online journals. These include standardized website templates; Updated Webserver’s core OS (Ubuntu) with updates and security patches, troubleshooting & web management; developed and distributed a web-ranking strategy and, designed staff and student websites.

These steps have resulted into the increased number of publications on the Mak Institutional repository as well as improved quality of University websites. Over the Plan period Electronic visibility increased as evidenced through the rankings that have steadily improved, across the different league tables.

These included the Webometrics, the Thompson Reuters Times higher education and Scimago institutional ranking as well as the HERANA African reviews. For example, the webometrics ranking moved Makerere from the lowest African rank of 53 in 2010 to a constant ranking among the top 10 positions, with the highest ever being 4th in July 2013.

Makerere University is ranked fourth on the African continent according to the latest edition of the Times Higher Education World University Rankings of universities in Africa 2018 as per Table 13 below:

### 13.2 Teaching and learning

Review and harmonisation of academic programmes at both undergraduate and graduate levels.

Enhanced quality on the degrees awarded through joint course offerings and supervision e.g. 101 PhDs have benefited from this joint offerings.

Increased number of courses on e-learning platform currently at 592 from all the colleges.

By 2015, the number of courses uploaded on the MUELE was 592 out of the 7000 course units in the University from the 456 courses in 2013. The bulk of these were in the College of Computing and Information Sciences.
Increased access to University education: The University has continued to adopt initiatives and partnerships to expand university education at international and national levels targeting academic excellence, social economic backgrounds and multi disciplinarity. Makerere University is part of the global network under The MasterCard Foundation Scholars Program. The program is targeting 1000 academically bright but economically disadvantaged youth from Africa to access quality university education. The foundation committed USD20,989,968 grant for successful implementation of the program.

13.3 College-based Initiatives

Apart from MUELE the institution wide e-learning programme, there are several college-based initiatives these include:

i) The College of Health Sciences and CoVAB have piloted e-learning under the MUSK project a web-based platform for users to store & retrieve learning materials that
allows students to access library materials as well as discussions and evaluation by students.

(ii) College of Computing and Information Sciences embarked on tele-Education programme in collaboration with Amity University & Indira Gandhi Open University. The programme which started in 2009 leading to a Master’s degree in Business Administration has benefited close to 700 graduates.

(iii) Internet based Laboratories (i-labs): Through the i-labs project, the College of Engineering Design Art and Technology continued to be linked to laboratories at Massachusetts Institute of Technology (MIT) electronically. With this innovation, students are able to access and carry out advanced experiments using equipment which is not available at Makerere. Thirty-one (31) online laboratories have been developed under the Presidential Initiative for Science and Technology. These can be accessed by students on the Electrical and Computer Engineering programmes at CEDAT.

13.4 Research and Innovations

(i) Review and implementation of the multi-disciplinarity Research Agenda, based on 6 themes and 5 cross cutting areas as well as the National Government plan known as Poverty Eradication Action Plan (PEAP):

• Health and Health Systems Agricultural (crop & Livestock) transformation.
• Food Security and Livelihoods.
• Natural Resources Management and Climate Change.
• Education and Education Systems.
• Governance, Culture, Visual Arts, Social Justice, Communication and Sustainable Development.
• Science and Technology including foundation science ICT, innovations, technology, engineering.

Cross-cutting research activities: Biotechnology, Knowledge Translation, Gender, and Human Resource Development.

ii) Increased research output in form of publications especially in journal articles, which has more than doubled, policy briefs and paper presentations at national and
international conferences. This has propelled the university rankings among the top 10 over the period 2012-2017.

iii) The University has been able to train more staff to PhD levels from 420 to 732. Staff at senior levels namely Professors, Associate Professors and Senior Lecturers has improved not only the quality of teaching but also research & innovations and knowledge transfer & networking.

13.5 Knowledge Transfer Partnership

i) Established a partnership with the private sector, national & international organisations, and other universities in the curricula review, development of new programs, field attachment and co-supervision of students on field attachments and internships.

ii) Institutionalisation of field attachment programme which is now mandatory for all undergraduate students to undertake field attachment so as to increase the employability of graduates.

iii) Establishment of research and technology innovations incubation centres.

Prime Minister-Rt. Hon. Ruhakana Rugunda (3rd R) flanked by Prof. Ddumba-Ssentamu (2nd R) and other delegates at the official opening of the 11th AARSE international Conference on 24th October 2016

13.6 Enhanced Research Networks & Collaborations

Growing number of research networks and collaborations e.g. Resilient Africa Network (RAN), African Centres of Excellence (ACE) and RUFORUM all of which have continued to attract substantial research funding to the University.

For the period 2012-2017, effective research networks have been realized at the institutional level mainly including:
i) Sida supported Research Partnerships and Collaborations: Under the Sida program the DR&GT developed joint/collaborative research projects between Makerere University and several Swedish Universities.

ii) The Cambridge Africa Partnership for Research Excellence (CAPREx) project 2012 – 2015: This network focusing on postdoc research fellowships includes Makerere University, University of Ghana – Legion, and University of Cambridge, UK.

iii) The Norwegian Programme for Capacity Development in Higher Education and Research for Development (NORHED)- This a broad-based network of institutions covering different disciplines ranging from ICT, health, agriculture underscores the international aspect of the University strategy to bring together, African, Norwegian and Asian Universities.

H.E. Amb. Per Lindgärde (2nd R), Dr. Gity Behravan (R), Prof. John Ddumba-Ssentamu (2nd L) and Prof. Mukadasi Buyinza (L) listen to presentations during the Sida Annual Review Meeting held on 10th October 2016

13.7 College-initiated Research Networks

In addition to the institutional research networks, a number of Colleges have initiated national and international Research Networks and Collaborations. Key among these include:-

i) The ResilientAfrica Network (RAN) is a network funded by USAID is a partnership of 20 African universities in 15 countries. It is led by Makerere University-School of Public Health, CHS with Tulane University’s Disaster Resilience Leadership Academy, Stanford University and the Centre for Strategic and International Studies (CSIS) as partners.

ii) The University of California at Berkeley together with CHUSS signed a Consortium grant contract worth USD20 million. The Development Impact Lab project focuses on impact evaluation studies in health, social sciences and information technology. It offers competitive scholarships and research grants to staff in the partner universities. The focus is to utilize mobile technologies to improve health care; expand communications services in remote areas; improve access to safe water; and, deliver new energy technologies.

iii) Bergen Collaboration that embraces the College of Natural Sciences and the College of Humanities and Social Sciences as well as the Israel-Uganda apprenticeship scheme.

iv) Centres of excellence: Centre for Technology Design and Development; Centre of Research in Energy and Conservation (CREEC); Makerere University Centre for Crop Improvement (MaCCI); Makerere University Centre of Materials, Product Development
13.8 Support Structures

13.8.1 Library

i) Extension to the main library building, which added another 8,000 square metres of utilisable space for academic purposes including space for students’ discussion, research commons, learning commons, a power point room, a computer laboratory for users with disability and a well-equipped general training room where information literacy sessions are conducted.

ii) Increased the total seating capacity in the main and branch libraries to 3900, bringing the seating ratio to 1:10.

iii) Increased the library resources i.e. e-books, e-journals and books etc.

iv) Computerisation/ digitalisation of the library resources.

13.8.2 ICT

i) As a result of more institutions joining the Research Education Network Uganda (RENU), continued price drops have facilitated increase of the Makerere Internet Bandwidth from 850 Mbps to 1050 Mbps as at 14th August 2017.

ii) Increase in the Optical-fibre network coverage beyond the main campus, i.e. CHS and MUARIK.

iii) Establishment of the University Wireless Network (MAKAIR)
iv) Use of ICT services beyond basic internet and mailing services to automation of business processes such as tuition collection (Mak-pay), pay-slips, Lib-hub processes (Library functions such as book cataloguing, digitization) and development of research management systems (gradtrack) among others.

v) Upgrade of the University-wide storage system with storage capacity of 21 Terabytes.

vi) Improved online visibility of the University

### 13.8.3 Physical Infrastructure

i) Development of the University Master Physical Infrastructure Development Plan for the main campus including the CHS and Makerere University Agriculture and Research Institute at Kabanyolo (MUARIK) campus.

ii) Construction of Technology incubation centre with an addition of 1,250 square metres.

iii) Construction of centralised lecture space by over 10,000 square metres as part of the AfDB-HEST Project and an initial building at Kabanyolo Campus.

iv) The road network across the University has improved significantly with lighting in most of the areas of the campus.
13.8.4 Other Physical Facilities in Academic Units

i) Skilling and Business Incubation Centre at Nakyesasa: Renovations were undertaken of the old buildings at Nakyesasa Farm on the 200-acre farm land for the CoVAB under the Presidential Initiative for Science and Technology. The renovations are part of a comprehensive Plan to turn Nakyesasa into a well-established skills development centre. The centre will house an administration block, hostels for students and a unit for each of the programs that are taught under the AFRISA platform. The centre will be used to equip students with skills that they can use to set up their own businesses.

ii) The Ruth Keesling Wildlife and Gorilla Tourism Centre: Renovation of the former animal houses to house the Ruth Keesling Wildlife and Gorilla Tourism Centre. The centre is being developed as a destination for scientists and researchers in wildlife and those who want to be guided before travelling to see gorillas. The aim is for them to be given an experience as though they were actually visiting the gorillas in the wild.

iii) The IDI Learning centre: Establishment of the Infectious Disease Institute (IDI) at the CHS as a state of the art Learning Centre. The centre is being for face to face and distance learning technologies for both local and international students.
iv) Food Technology & Business incubation Centre: Construction of a 1,250 square metre 2-floor food processing block completed with internal and external finishes and associated electro-mechanical installations. The centre is supported under the Presidential Initiative for science and technology.

13.9 Other achievements include:

1) Salary enhancement for staff aiming at a minimum of UGX 15million per month for a University Professor. I thank H.E The President of Uganda for this pledge.

2) MasterCard foundation programme successfully negotiated and fully operational.
3) Establishment of Makerere University Holding Company and the Endowment Fund
4) Demolition of illegal structures/kiosks and beautification as well as cleanliness of the university
5) Outsourcing of catering services
6) Management has been able to implement the Council decision of 2006 on outsourcing of catering services in halls of residence.
7) The university has registered enormous financial saving in this regard and these resources have been used to revamp areas that were hitherto receiving limited funding. In the same vein, all human resource that was originally in these units was deployed to other units that lacked staff.
8) Senate: Honorary doctorates including the President of Turkey-H.E Recep Tayyip Erdoğan and Mrs. Ruth Keesling
9) The International Office developed an Electronic Agreements database. This has been installed on the university intranet and can be accessed at [www.agreements.mak.ac.ug](http://www.agreements.mak.ac.ug)
10) Quality Assurance Directorate developed a system-GradTrack for monitoring the progression of graduate students. This can be accessed at [www.gradtrack.mak.ac.ug](http://www.gradtrack.mak.ac.ug)
12) A number of inaugural lectures have taken place. These include: Prof. Oloka Onyango – “Ghosts and the Law”, Prof. Sylvia Tamale – “Nudity, Protests and the Law in Uganda”, Prof. Twinomujuni Ben – “Maternal Health Rights, Politics and the Law”
13) Book launches: There have been several book launches including Prof. Maria Musoke’s, *Informed and Healthy: Theoretical and Applied Perspectives on the Value of Information to Health Care*

14) A number of public lectures have taken place during this period.

15) Facelift of the Makerere University Main hall in 2015, thanks to sponsorship by the School of Public Health, College of Health Sciences. The hall was refurnished with a dazzling blend of seats in the Makerere University colours; red and green, and a PA system was fitted.
14.0 WORK IN PROGRESS

1) Under the MoU with Kampala Capital City Authority (KCCA), the perimeter wall along Makerere Hill road will be erected by the end of the year under Phase 1 of the Mak-KCCA MoU.

2) Additional compensation and savings from the original compensation amounting to UGX 1,194,175,655/= will be for the following works as per Table 14 below.

3) ADB/HEST on campus projects are nearing completion while the laboratory construction at MUARIK has just commenced.
4) Confucius institute construction: this has been placed high on the Chinese Government agenda and requires follow up to ensure execution
5) Take-over of Makerere University hospital by College Of Health Sciences,
6) Academic Information Management Services (AIMS),
7) Establishing Teaching Loads,
8) Streamlining of the Directorate of Human Resources. There should be deliberate effort for the human resource factor to be embedded in university activities as a strong business partner.
9) Streamlining of the Directorate of Finance
10) Institution of a Staff Health Insurance Scheme.
11) Staff Appraisal and Reward Scheme.
12) Caveats on Makerere Land
13) Regular HR audits for both non-teaching and teaching staff.
14) Fully operationalize the graduate fellows policy
15.0 PENDING ACTIVITIES

1) Follow up the Presidential pledge for the Conference Hall and Perimeter wall.
2) Drafting the Strategic Plan 2019/2020.
3) Divestiture of Management from Halls of Residence.
4) Review of the Collegiate System.
5) Review of the UOTIA.
6) Filling of Senior Management positions.
7) NCHE Approval of School of Law to College Status.
8) Construction of Students Centre.
9) Launching the African Centres of Excellence.
10) Honorary Degree Award to Mrs. Winnie Madikizela-Mandela in January 2018.
11) Allocation of land to the Infectious Diseases Institute (IDI) for construction of an Archival centre.
12) Filling the Staff Establishment of the Department of the Academic Registrar.
13) Executing new contracts for all businesses within the University.
14) Setting up a committee to prepare for Centenary anniversary of Makerere university
15) Operationalisation of the college statute by granting increased financial autonomy to the college leadership.
16.0 CHALLENGES

i) Limited research output from the non-core science disciplines

ii) The capacity to maintain and sustain laboratory infrastructure improvements beyond donor support.

iii) The Commercialization of innovations/exploitations of intellectual property is yet to take root.

iv) Failure to streamline ICT in the operation of the university

v) Inadequate ICT facilities and lack of proper maintenance of existing ICT equipment.

vi) Lack of a regular annual stocktaking and inventory of the lecture and laboratory facilities.

vii) Absence of a maintenance plan for the University physical infrastructure.

viii) Limited funding that cannot allow prioritisation of maintenance and development of the physical infrastructure.

ix) Encroachment on unutilised university land.

x) The growing wage bill burden which takes over 70% of the revenue leaving only 30% or less for the operational and development needs.

xi) Declining enrolments of private (fee-paying) students as more public and private universities are established and hence the resultant shortfall in tuition revenue over the past.

xii) Lack of institutional ownership and interest in building capacity to nurture and grow the desired lasting relationships with Alumni.

xiii) Inefficient, bureaucratic and unfriendly customer care services for both staff and students.

xiv) Most of the Staff Housing is in very poor condition.

xivi) Lack of a one stop centre to provide current and prospective students with information.

xvii) The growing backlog of unpaid retirees’ benefits.

xviii) Absence of a fleet management system.

xix) Lack of Monitoring and evaluation.

xx) Staff attraction and retention
The University continues to lose highly qualified staff due to the uncompetitive salary structure. Poor staff pay has led to high attrition of PhD holders to other countries. This is more acute at the higher levels of Senior Lecturer, Associate Professor and Professor. Regional Universities in Kenya, Tanzania and more recently Rwanda continue to drain the staff capacity.

i) Non adherence to deadlines such as late submission of marks and failure to pay tuition fees on time.

ii) Inadequate staffing levels in the academic category.

Makerere University is operating at 45% of the staff establishment and is hence heavily understaffed. This inadequacy affects the quality of teaching and learning offered to our students. As a result, the few available staff engages in teaching and do not conduct research. This affects the overall rating of the University as well as the career growth of the lecturers. Over time, Management has noted that:

iii) There are Academic Staff who do not undertake any research.

iv) Some Academic Staff have failed to acquire PhDs despite being in the system for a long time.

v) The number of litigation cases. The office of the University secretary together with the directorate of legal affairs should be consulted on this.

17.0 RECOMMENDATIONS

i) Directorate of Planning and Development Department

Planning and development activities are at the centre of most functions of the university and directly enforce our core functions. It is recommended that the Directorate be further strengthened rather than being restructured into a unit within the finance department, in order to ensure continued progress in the implementation of our mandate.

ii) Monitoring and Evaluation

There is need for stronger monitoring and evaluation of our core functions including all activities the University, as well as ensuring that illegal structures and businesses do not crop up that create a negative impact on the physical environment.

iii) Streamline Human Resource Services in the University. A number of challenges facing this university including litigation, are due to lack of streamlined human resources. Therefore there is a need to strengthen the directorate of Human resources so as to ensure efficiency of human resources.

- Computerise Human resources' records keeping and management
- It is important to undertake regular HR audits for both non-teaching and teaching staff.
- Implement a systematic mechanism for regular appraisal of staff
• Staff on Stop Gap Measure, who are over 300, should either be regularised or dismissed.
• Undertake a thorough job analysis and recommendation.
• Fill the positions in top Management.
• Currently, a number of positions are not filled. It is important to always consider replacement of top management three months in advance so as to avoid vacuums. As much as possible, extensions of contracts should be avoided.

iv) ICT Infrastructure and innovation: It is important to mobilise the resources (both financial and Human) to support the ICT development. ICT should be incorporated in all university activities.

v) Continuous review of academic programs in order to eliminate duplication across all colleges and to respond to the national and global needs.

vi) Strengthen the international office in order to attract more collaboration and partnerships while at the same time increasing the number of international students.

18.0 CONCLUSION

Makerere University has several resource documents with all the necessary information you would require including the Strategic Plan, the newly published Makerere University Strategic Plan Review Report (February 2017), Annual reports, Quarterly Reports from the Colleges and several others published by the Planning and Development Department as well as the Directorate of Quality Assurance.

I wish to reiterate, once again, my sincere thanks to everyone who has supported me and the Office of the Vice Chancellor over the past five years. Thank you for your encouragement, guidance and goodwill. I am forever grateful.

I pledge my total support as we continue on the quest “To be the leading institution for academic excellence and innovations in Africa”.

To the In-coming Vice Chancellor, Professor Barnabas Nawangwe, I wish you success and may God continue to guide you in your service to Makerere University.

We Build for the Future.
