DIRECTORATE OF HUMAN RESOURCES OFFICE OF THE DIRECTOR

EMPLOYMENT OPPORTUNITIES:

Applications are invited from suitably qualified candidates for the following posts. Please submit your application, Curriculum Vitae, Certificates and Transcripts (3 copies each set) giving full details of applicants' education, qualifications, work experience, present salary and naming three referees, plus their postal addresses. Applicants should make sure that at least two referees have forwarded references concerning their application.

Applications should be delivered to the **Appointments Board Office, Room 406, Top Floor, Main Building, Makerere University**, and addressed to:

**The Director
Human Resources
Kampala.
P.O.Box 7062**

Closing Date: 29th /10/2009

SCHOOL OF EDUCATION

1. Education Foundations and Management

a) Post: Professor (1)

Qualifications: (i) A PhD in Comparative Education or Education Administration & Management or Sociology of Education or Economics of Education or History of Education.
(ii) Evidence of Pedagogical skills.
(iii) Twenty one (21) recognized Publications in the area of specialization.

Duties: Teaching, Research, Supervision and Consultancy. To provide academic leadership to the department.

(b) Post: Senior Lecturer (2)

Qualification: (i) A PhD in Comparative Education or Education Administration & Management or Sociology of Education or Economics of Education or History of Education.
(ii) Evidence of Pedagogical skills.

Quotation of Reference is Essential

- (iii) Eight (8) recognized Publications in the area of specialization.
- (iv) Teaching experience in a recognized institution of higher learning will be an added advantage.

Duties: Teaching, Supervision of Undergraduate students and research projects for Post Graduate Students. To provide academic leadership to the department.

(c) Post: Lecturer (4)

Qualifications: (i) A PhD in Comparative Education or Education Administration & Management or Sociology of Education or Economics of Education or History of Education.

Duties: Teaching, supervision of Undergraduate students and research projects for Post Graduate Students.

(d) Post: Assistant Lecturer (2)

Qualification: (i) Minimum of an Upper Second Class Bachelors Degree in Education.
(ii) A Masters Degree in Economics of Education.

Duties: Teaching, supervision of Undergraduate students and research projects.

2. Department of Education Psychology

(a) Post: Senior Lecturer (2)

Qualification: (i) A PhD in Educational Psychology,
(ii) Evidence of Pedagogical skills.
(iii) Eight (8) recognized Publications in the area of specialization.
(iv) Teaching experience in a recognized institution of higher learning will be an added advantage.

Duties: Teaching, Supervision of Undergraduate students and research projects for Post Graduate Students. To provide academic leadership to the department.

(b) Post: Lecturer (2)

Qualifications: (i) A PhD in Educational Psychology,
(ii) Teaching experience in a recognized institution of higher learning will be an added advantage.

Duties: Teaching, supervision of Undergraduate students and research projects for Post Graduate Students, research/outreach Programs.

(c) Post: Assistant Lecturer (4)

Qualification: (i) Minimum of an Upper Second Class BA/BSc.Education or BA/BSc.with
Quotation of Reference is Essential

Post Graduate Diploma in Education.

- (ii) A Masters Degree in Educational Psychology,
- (iii) Teaching experience in a recognized institution of higher learning will be an added advantage.

Duties: Teaching, supervision of Undergraduate students and research projects.

(d) Post: Teaching Assistant (2)

Qualification: (i) Minimum of an Upper Second Class BA/BSc.Education,BA/BSc.with Post Graduate Diploma in Education.

Duties: To assist in teaching, supervision of Undergraduate students and research projects.

3. Department of Curriculum Teaching & Media

a) Post: Professor (1)

Qualifications: (i) A PhD in Curriculum Studies or Pedagogy or Teacher Education or Instructional Design System/Educational Technology.

- (ii) Evidence of Pedagogical skills.
- (iii) Twenty one (21) recognized Publications in the area of specialization.

Duties: Teaching, Research, Supervision and Consultancy. To provide academic leadership to the department.

(b) Post: Associate Professor (1)

Qualifications: (i) A PhD in Curriculum Studies or Pedagogy or Teacher Education or Instructional Design System/Educational Technology.

- (ii) Evidence of Pedagogical skills.
- (iii) Eleven (11) recognized Publications in the area of specialization.

Duties: Teaching, Research, Supervision and Consultancy. To provide academic leadership to the department.

4. Department of Science & Technical Education

(a) Post: Lecturer (2)

Qualifications: (i) A PhD in Science Education (Biological Sciences).

- (ii) Teaching/research experience in a recognized institution of higher learning will be an added advantage.

Duties: Teaching, supervision of Graduate & Undergraduate students. Supervision of students' research activities & school practice.

(b) Post: Assistant Lecturer (2)

Qualification: (i) Minimum of an Upper Second Class BSc/BSc.Education Degree.
(ii) A Master of Science Degree (Biological Sciences),
(iii) Teaching experience in a recognized institution of higher learning will be an added advantage.

Duties: Teaching, supervision of Undergraduate students. Supervision of Students' research activities & school practice.

(c) Post: Teaching Assistant (2)

Qualification: (i) Minimum of an Upper Second Class BSc/BSc.Education(Biology)Degree

Duties: To assist in the teaching, supervision of Undergraduate students. Supervise student research activities & School practice.

4. East African Institute of Higher Education Studies and Development.

a) Post: Professor (2)

Qualifications: (i) A PhD in Human Resource Management & Development or Higher Education Studies or Information Communication Technology or Policy and Planning or any other Management & Administration related areas.
(ii) Evidence of Pedagogical skills.
(iii) Twenty one (21) recognized Publications in the area of specialization.
(iv) Teaching experience in a recognized institution of higher learning will be an added advantage.

Duties: Teaching and Supervising Graduate Students, Seminars & Tutorials.

(b) Post: Associate Professor (4)

Qualifications: (i) A PhD in Human Resource Management & Development or Higher Education Studies or Information Communication Technology or Policy and Planning or Gender Studies or any other Management & Administration related Areas.
(ii) Evidence of Pedagogical skills.
(iii) Eleven (11) recognized Publications in the area of specialization
(iv) Teaching experience in a recognized institution of higher learning will be an added advantage.

Duties: Teaching and Supervising Graduate Students, Seminars & Tutorials.

(c) Post: Senior Lecturer (6)

Qualifications: (i) A PhD in Human Resource Management & Development or Higher Higher Education Studies or Information Communication Technology or Policy and Planning or Gender Studies or any other Management & Administration related Areas.
(ii) Evidence of Pedagogical skills.
(iii) Eight (8) recognized Publications in the area of specialization
(iv) Teaching experience in a recognized institution of higher learning will be an added advantage.

Duties: Teaching and Supervising Graduate Students, Seminars & Tutorials.

(d) Post: Lecturer (4)

Qualifications: (i) A PhD in Human Resource Management & Development or Higher Higher Education Studies or Information Communication Technology or Policy and Planning or Gender Studies or any other Management & Administration related areas.

Duties: Teaching and Supervising Graduate Students, Seminars & Tutorials.

INSTITUTE OF ADULT AND CONTINUING EDUCATION

1. Department of Community Education & Extra-Mural Studies

(a) Post: Professor (1)

Qualifications: (i) A PhD in Adult and Community Education
(ii) Evidence of Pedagogical skills.
(iii) Twenty one (21) recognized Publications in the area of specialization.

Duties: Teaching, Research, Supervision and Consultancy. To provide academic leadership to the department.

(b) Post: Associate Professor (1)

Qualifications: (i) A PhD in Adult and Community Education
(ii) Evidence of Pedagogical skills.
(iii) Eleven (11) recognized Publications in the area of specialization.

Duties: Teaching, Research, Supervision and Consultancy. To provide academic leadership to the department.

(c) Post: Senior Lecturer (2)

- (i) A PhD in Adult and Community Education.
- (ii) Evidence of Pedagogical skills.
- (iii) Eleven (8) recognized Publications in the area of specialization.

Duties: Teaching, Supervision of Undergraduate & Graduate Students and research projects for Post Graduate Students.

(d) Post: Lecturer (4)

- Qualifications:**
- (i) A PhD in Adult and Community Education.
 - (ii) Teaching experience in a recognized institution of higher learning will be an added advantage.
 - (iii) Two years experience in Organizing Adult Education Work.

Duties: Teaching, supervision of Undergraduate students and research projects for Post Graduate Students, research/outreach Programs.

(e) Post: Assistant Lecturer (2)

- Qualification:**
- (i) Minimum of an Upper Second Class Bachelors Degree in Adult Education or Social Sciences or Education.
 - (ii) A Masters Degree in Adult and Community Education or a Master of Education Degree (Adult Education) or Masters Degree in Development Studies or any other degree related to Community Education.

Duties: Teaching, supervision of Undergraduate students and research projects.

(f) Post: Teaching Assistant (1)

Qualification: Minimum of an Upper Second Class Bachelors Degree in Adult and Community Education.

Duties: To assist in the teaching, supervision of Undergraduate students and research projects.

2. Department of Adult Education & Communication Studies

(a) Post: Professor (1)

- Qualifications:**
- (i) A PhD in Sociology or Social Anthropology or Development Studies or Psychology or Philosophy.
 - (ii) Evidence of Pedagogical skills.
 - (iii) Twenty one (21) recognized Publications in the area of specialization.

Duties: Teaching, Research, Supervision and Consultancy. Provide Academic leadership to the department.

(b) Post: Associate Professor (1)

Qualifications: (i) A PhD in Sociology or Anthropology or Development Studies or Psychology.
(ii) Evidence of Pedagogical skills.
(iii) Eleven (11) recognized Publications in the area of specialization.

Duties: Teaching, Research, Supervision and Consultancy. Provide academic leadership to the department.

(c) Post: Senior Lecturer (4)

Qualification: (i) A PhD in Social Sciences or Anthropology or Philosophy or Development Studies or Psychology.
(ii) Evidence of Pedagogical skills.
(iii) Eight (8) recognized Publications in the area of specialization.

Duties: Teaching, Supervision of Undergraduate students and research projects for Post Graduate Students. To provide academic leadership to the department.

(d) Post: Lecturer (1)

Qualifications: (i) A PhD in Development Studies (Science) or Sociology or Philosophy or Anthropology.
(ii) Teaching experience in a recognized institution of higher learning will be an added advantage.

Duties: Teaching, supervision of Undergraduate students and research projects for Post Graduate Students, research/outreach Programs.

(e) Post: Teaching Assistant (1)

Qualification: Minimum of an Upper Second Class Bachelors Degree in Adult and Community Education. Diploma in Education is an added advantage.

.Duties: To assist in the teaching, supervision of Undergraduate students and research projects.

3. Department of Distance Education

(a) Post: Assistant Lecturer (1)

Qualifications: (i) Minimum of an Upper Second Class Degree in Commerce or Business
Quotation of Reference is Essential

Administration or BSc. Mathematics & Computer Science.

- (ii) A Masters Degree in Business Administration or Marketing or Economic Planning & Management & M.Education (Information & Communication Technology).

Duties: Teaching, examining and supervising Undergraduates Students. Conducting Research, attend conferences.

(a) Post: Teaching Assistant (1)

Qualifications: (i) Minimum of an Upper Second Class Degree in Education.
(ii) Teaching Kiswahili & Religious Studies is essential.
(iii) Diploma in Education will be an added advantage.

Duties: To assist in the teaching, examining and supervising Undergraduates Students. Supervising research and organizing workshops.

FACULTY OF ARTS

1. Department of Mass Communication

(a) Post: Lecturer (3)

Qualifications: A PhD in Communication or Journalism or Media Studies or Public Relations or Advertising or Multi- Media Production
Added advantage
(i) Evidence of academic and/or professional productivity.
(ii) Evidence of ability to teach at Tertiary level.
(iii) Professional practice or industry experience.

Duties: Teach & assess Students at the Undergraduate & Post graduate levels, Supervise Students' research, conducts and publish research, develop & evaluate curricula.

(b) Post: Teaching Assistant (1)

Qualification: Minimum of an Upper Second Class Bachelors Degree in Communication or Journalism or Media Studies or Public Relations or Advertising or Multi- Media production.
Added advantage
(i) Evidence of ability to teach at Tertiary level.
(ii) At least one year of professional practice or industry experience.
(iii) Evidence of academic and/or professional productivity.

Duties: To assist teach & assess students at the Undergraduate level under the guidance of a senior member of staff, supervise student research under the guidance of a senior member, conducts and publishes research.

2. Department of History.

(a) Post: Professor (2)

Qualifications: (i) A PhD in History.
(ii) Evidence of Pedagogical skills.
(iii) Twenty one (21) recognized Publications in the area of specialization.
(iv) Teaching experience in a recognized institution of higher learning will be an added advantage.

Duties: Teaching, examining and grading of Undergraduate and Graduates' performance. Supervision of research for Graduate & Undergraduate Students. Mentoring Junior staff in academic growth & research. Providing academic leadership to the department.

(b) Post: Associate Professor (2)

Qualifications: (i) A PhD in History.
(ii) Evidence of Pedagogical skills.
(iii) Eleven (11) recognized Publications in the area of specialization.
(iv) Teaching experience in a recognized institution of higher learning will be an added advantage.

Duties: Teaching, examining and grading of Undergraduate and Graduates' performance. Supervision of research for Graduate & Undergraduate Students. Mentoring Junior staff in academic growth & research. Providing academic leadership to the department

(c) Post: Senior Lecturer (4)

Qualification: (i) A PhD in History.
(ii) Eight (8) recognized Publications in the area of specialization.
(iii) Teaching experience in a recognized institution of higher learning will be an added advantage.

Duties: Teaching, examining and grading of Undergraduate and Graduates' performance. Supervision of research for Graduate & Undergraduate Students. Mentoring Junior staff in academic growth & research. Providing academic leadership to the department

(d) Post: Assistant Lecturer (3)

Qualification: (i).Minimum of an Upper Second Bachelor Degree in Arts (History) or Education (History).
(ii) A Masters Degree in History

Duties: Teaching Undergraduates

(e) Post: Teaching Assistant (2)

Qualification: (i).Minimum of BA Upper Second Class in History.

Duties: Assisting in teaching Undergraduates.

(Development Studies).

(a) Post: Lecturer (2)

Qualification: (i) A PhD in Development Studies

Duties: Teaching, examining and grading of Undergraduate and Graduates' performance. Supervision of research for Graduate & Undergraduate Students. Mentoring Junior staff in academic growth & research. Providing academic leadership to the department.

(b) Post: Assistant Lecturer (2)

Qualification. (i) Minimum of an Upper Second Bachelor Degree in Arts or Social Sciences or Development Studies.
(ii) A Masters Degree in Development Studies

Duties: Assisting in teaching Undergraduate courses.

3. Department of Religious Studies

(a) Post: Lecturer (1)

Qualification: (i) A PhD in Religious Studies (Biblical Studies)

Duties: Teaching, examining and grading of Undergraduate and Graduates' performance. Supervision of research for Graduate & Undergraduate Students. Mentoring Junior staff in academic growth & research. Providing academic leadership to the department

(b) Post: Assistant Lecturer (2)

Qualification. (i) Minimum of an Upper Second Bachelor Degree in Religious Studies or related field.
(ii) A Masters Degree in Religious Studies (Islamic Studies or Biblical Studies) options.

Quotation of Reference is Essential

Duties: Teaching, examining and grading of Undergraduate performance. Supervision of research for Undergraduate Students.

4. Department of Geography

(a) Post: Lecturer (1)

Qualification: (i) A PhD in Geography (Urban & Regional Planning or Land Use Management or GIS & Computing).

Duties: Teaching, examining and grading of Undergraduate and Graduates' performance. Supervision of research for Graduate & Undergraduate Students. Mentoring Junior staff in academic growth & research. Providing academic leadership to the department.

(b) Post: Cartographer

Qualifications :(i) Diploma in Cartography
(ii) Two years experience in the same field.
(iii) Computer literacy in cartographic mapping is an added advantage.

Duties: Map sketches for research for both students and staff.
Assist in preparation of Diagrams and Charts.
Assist in students in sketching maps

5. Department of Philosophy

(a) Post: Professor (1)

Qualifications: (i) A PhD in Philosophy.
(ii) Evidence of Pedagogical skills.
(iii) Twenty one (21) recognized Publications in the area of specialization.

Duties: Teaching, examining and grading of Undergraduate and Graduates' performance. Supervision of research for Graduate & Undergraduate Students. Mentoring Junior staff in academic growth & research. Providing academic leadership to the department.

(b) Post: Associate Professor (1)

Qualifications: (i) A PhD in Ethics and Public Management.
(ii) Evidence of Pedagogical skills.
(iii) Eleven (11) recognized Publications in the area of specialization.
(iv) Teaching experience in a recognized institution of higher learning will be an added.

Duties: Teaching, examining and grading of Undergraduate and Graduates' performance. Supervision of research for Graduate & Undergraduate Students. Mentoring Junior
Quotation of Reference is Essential

staff in academic growth & research. Providing academic leadership to the department

FACULTY OF TECHNOLOGY

1. Department of Mechanical Engineering.

(a) Post: Lecturer (2)

Qualification: (i) A PhD in Mechanical Engineering

Duties: Teaching, Research, supervising of students

(b) Post: **Assistant Lecturer** **(2)**

Qualification (i) Minimum an Upper Second BSc. Degree in Mechanical Engineering.
(ii).MSc. in Mechanical Engineering
(ii) Teaching experience in a recognized institution of higher learning will be an added.

Duties: Assisting in teaching Undergraduate courses, Research, supervising students.

2. Department of Surveying.

(a) Post: Senior Lecturer (2)

Qualification:

- (i) A PhD in Surveying or Geomatics related disciplines such as GIS, Remote Sensing, Geodesy.
- (ii) BSc degree in Surveying Upper Second
- (iii) Eight (8) recognized Publications in the area of specialization.
- (iv) Evidence of pedagogical skills.

Duties: Teaching graduate/Undergraduate programs, research supervision and any other duties assigned by the Head of department.

(b) Post: Lecturer (3)

Qualification: (i) A PhD in Surveying or Geomatics or GIS or Land Administration
(ii) BSc Degree in Surveying or Geomatics.
(iii) Teaching experience in a recognized institution of higher learning will be an added advantage.

Duties: Teaching graduate/Undergraduate programs, research project supervision. writing Research proposals & conducting research in the department.

(c) Post: Assistant Lecturer (1)

Qualification: (i) At least Second Class upper BSc Degree in Land Surveying
(ii).Msc. in Surveying or Geomatics or Geodesy or Land Administration
(iii) Teaching experience in a recognized institution of higher learning will be an added advantage.

Duties: Conducting Lectures, practicals & tutorials to Undergraduate Students, Assist Students in preparation of research projects. Participate in development of Research proposals.

(c) Post: Teaching Assistant (1)

Qualification: (i).At least Second Class Upper BSc Degree in Surveying.

Duties: Conducting Tutorials and Practical to Undergraduate students. Assisting Students in Field work & industrial training placement.

3. Department of Electrical Engineering.

(a) Post: Professor (Power Systems Engineering) (1)

Qualifications: (i) A PhD in Power Systems Engineering.
(ii) Evidence of Pedagogical skills.
(iii) Twenty one (21) recognized Publications in the area of specialization.
(iv) Experience in research and supervision of graduate students is an added advantage.

Duties: Teaching graduate programs, research supervision, setting up Modern Laboratories and Promoting University –Industry Linkages.

(b) Post: Associate Professor (Telecommunication Engineering) (1)

Qualifications: (i) A PhD in Telecommunication Engineering
(ii) Evidence of Pedagogical skills.
(iii) Eleven (11) recognized Publications in the area of specialization.
(iv).Experience in research and supervision of graduate students is an added advantage.

Duties: Teaching graduate programs, research supervision, setting of Modern Laboratories and Promoting University – Linkages.

(c) Post: Lecturer (4)

Qualification: (i) A PhD in Electronics or Power Systems or Energy Systems or Control and Instrumentation.
(ii) Teaching experience in a recognized institution of higher learning will be an added advantage.

Duties: Teaching Graduate & Under Graduate programs, setting up Modern Laboratories,
Quotation of Reference is Essential

research and Community Development

(d) Post: Assistant Lecturer (1)

Qualification (i) At least Second Class Upper BSc. Degree in Electrical Engineering.
(ii). MSc. in Electrical Engineering (Specializing in Energy Systems).
(iii) Teaching experience in a recognized institution of higher learning will be an added advantage.

Duties: Lecturing, supervision of Laboratory work and initiating Research for PhD.

4. Department of Engineering Mathematics Division.

(a) Post: Senior Lecturer (1)

Qualification: (i) A PhD in Electrical or Telecommunications or Software Engineering or ICT.
(ii) Eight(8) recognized Publications in Applied Mathematics or Computer Engineering or Software Engineering.
(iii) Evidence of pedagogical skills.

Duties: Conduct Graduate/Undergraduate programs, research, supervise Projects, Thesis. Assist in management of the Department.

(b) Post: Lecturer (2)

Qualification: (i) A PhD in Electrical or Telecommunications or Software Engineering or ICT.
(ii) Three years teaching experience in Engineering Mathematics, Computer Programming, Software Engineering, Systems Analysis and Design, Information Communication Technology is an added advantage.

Duties: Conduct graduate/Undergraduate programs, research, Co-supervise Projects, Thesis. Assist in Management of the Department.

(d) Post: Assistant Lecturer (1)

Qualification (i) At least Second class upper BSc. Degree in Engineering. (Civil or Mechanical. or Electrical or Telecommunications).
(ii). MSc. in Engineering. (Civil or Mechanical or Electrical or Telecommunications), Mathematics or Software Engineering.
(iii) Teaching experience in a recognized institution of higher learning will be an added advantage.

Duties: Conducting Lectures, practicals & tutorials to Undergraduate Students, Assist Students in preparation of research projects. Participate in development of Research proposals

(d) Post: Teaching Assistant (2)

Qualification: (i).At least Second Class Upper BSc. Degree in Engineering (Civil or Electrical or Mechanical or Telecommunications).

(ii) Teaching experience in Engineering Mathematics, Computer Programming, Software Engineering, Systems Analysis and Design, Information and Communication Technology and Related Subjects will be an added advantage.

Duties: Assisting teaching staff with Tutorials and Practicals. Assist in Management of the Department and supervision of Undergraduate Projects.

5. Department of Architecture

(a) Post: Professor (2)

Qualifications: (i) A PhD in Architecture or Landscape Architecture or Interior Design, Or Housing.

(ii) Evidence of Pedagogical skills.

(iii) Twenty one (21) recognized Publications in the area of specialization.

Duties: Teaching, research, supervision & consultancy. Providing academic leadership to the department

(b) Post: Associate Professor (1)

Qualifications: (i) A PhD in Architecture or Landscape architecture or Interior Design or Housing

(ii) Evidence of Pedagogical skills.

(iii) Eleven (11) recognized Publications in the area of specialization.

Duties: Teaching, research, supervision & consultancy. Providing academic leadership to the department

(c) Post: Senior Lecturer (3)

Qualifications: (i) A PhD in Architecture or Landscape architecture or Interior Design, or Housing.

(ii) Evidence of Pedagogical skills.

(iii) Eight (8) recognized Publications in the area of specialization.

Duties: Teaching, research, supervision & consultancy. Providing academic leadership to the department

(d) Post: Lecturer (1)

Qualifications: (i) A PhD in Architecture or Urban Planning/Physical Planning.

Duties: Teaching, research, supervision & consultancy. Providing academic leadership to the Department

(e) Post: Assistant Lecturer (3)

Qualifications: (i) Minimum of an Upper Second Class Degree in Architecture.
(ii) A Masters Degree in Architecture or Urban Planning/Physical Planning, Landscape Architecture, Interior Design.

Duties: Teaching, research, supervision & consultancy.

(f) Post: Teaching Assistant (2)

Qualification: (i) Minimum of an Upper Second Class degree in Architecture.

Duties: Assist in teaching and conducting tutorials.

FACULTY OF VETERINARY MEDICINE

1. Department of Veterinary Public Health & Preventive Medicine.

(a) Post: Professor (1)

Qualifications: (i) A PhD in Veterinary Epidemiology or Veterinary Public Health or Food Safety/food Hygiene or Environmental Toxicology or Animal Health Economics.
(ii) Evidence of Pedagogical skills.
(iii) Twenty one (21) recognized Publications in the area of specialization.

Duties: Teaching, examining and supervising Undergraduates and Post graduate Students. Conducting Research, Community Outreach services & providing academic leadership to the department.

(b) Post: Lecturer (1)

Qualifications: (i) A PhD in Veterinary Epidemiology or Veterinary Public Health or Food Safety/food Hygiene or Environmental Toxicology or Animal Health Economics or Applied Food Microbiology

Duties: Teaching, examining and supervising Undergraduates Students. Conducting Research, Community Outreach services & providing academic leadership to the department.

2. Department of Veterinary Physiological Sciences.

(a) Post: Professor (1)

Qualifications: (i) A PhD. Area of specialization :(Biochemistry with a bias in Veterinary Science)

(ii) Evidence of Pedagogical skills.

(iii) Twenty (21) recognized Publications in the area of specialization.

Duties: Teaching, examining and supervising Undergraduates and Post graduate Students. Conducting Research, Community Outreach services & providing academic leadership to the department.

(b) Post: Associate Professor (1)

Qualifications: (i) A PhD in Veterinary Physiology

(ii) Evidence of Pedagogical skills.

(iii) Eleven (11) recognized Publications in the area of specialization.

Duties: Teaching, examining and supervising Undergraduates and Post graduate Students. Conducting Research, Community Outreach services & providing academic leadership to the department.

(c) Post: Senior lecturer (1)

Qualifications: (i) A PhD in Biochemistry.

(ii) Nine (9) recognized Publications in the area of specialization.

Duties: Teaching, examining and supervising Undergraduates and Post graduate Students. Conducting Research, Community Outreach services & providing academic leadership to the department.

(d) Post: Lecturer (2)

Qualifications: (i) A PhD in Physiology (Animal) or Biochemistry

Duties: Teaching, examining and supervising Undergraduates and Post graduate Students. Conducting Research, Community Outreach services & providing academic leadership to the department.

3. Department of Veterinary Anatomy.

(a) Post: Assistant Lecturer (4)

Qualification: (i) Minimum of an Upper Second Class degree in Veterinary Medicine or Zoology or MbchB or BBLT

(ii) A Master of Science Degree in Veterinary Medicine or Zoology or relevant Medical/Biological Sciences.

(iii) Teaching experience in a recognized institution of higher learning will be an added advantage.

Duties: Teaching, supervision of Undergraduate students and carrying outreaches.

4. Department of Veterinary Medicine.

(b) Post: Teaching Assistant (1)

Qualification: (i) Minimum of an Upper Second Class degree in Veterinary Medicine.

Duties: Assist in the teaching & supervision of Undergraduate students and conducting outreaches.

5. Department of Veterinary Surgery & Reproduction.

(a) Post: Assistant Lecturer (2)

Qualification: (i) Minimum of an Upper Second Class degree in Veterinary Medicine.
(ii) A Masters Science Veterinary Medicine.

Duties: Teaching, supervision of Undergraduate students and carrying outreaches. Preparation and conducting of practical training to students.

(b) Post: Teaching Assistant (2)

Qualification: (i) Minimum of an Upper Second Class degree in Veterinary Medicine.

Duties: Assist in the teaching, supervision of Undergraduate students and carrying outreaches. Preparation and conducting of practical training to students.

FACULTY OF AGRICULTURE

1. Department of Soil Science

(a) Post: Assistant Lecturer (2)

Qualification: (i) Minimum of an Upper Second Class degree in Agriculture.
(ii) A Masters Science in Microbiology, Soil Survey & Land Evaluation

Duties: Teaching, supervision of Undergraduate students and carrying out research .

2. Department of Animal Science.

(a) Post: Senior Lecturer (2)

Quotation of Reference is Essential

Qualifications: (i) A PhD in Animal Physiology **or** Livestock Breeding
(ii) Eight (8) recognized Publications in the area of specialization.
(iii) Teaching experience in any recognized learning & teaching Institution with a strong research background is an added advantage.

Duties: Lecture & conduct practicals in Animal Breeding or Zoology & Animal Physiology at Under graduate Post graduate Levels. Conduct research & publish in Animal Science, Animal breeding, livestock & Animal general resources. Supervise Post Graduate students' research.

(b) Post: Assistant Lecturer (1)

Qualification: (i) Minimum of an Upper Second Class Degree in Agriculture (Animal Science).
(ii) A Masters Degree in Animal Science (Range Sciences) **or** Range Management.

Duties: Conduct Lectures & practicals in Range Management & other Animal Sciences discipline. Supervise student's research projects and conducting research in Range Management.

(c) Post: Teaching Assistant (4)

Specialization: (Apiculture or Poultry Science or Aquaculture or Meat Science)

Qualification: (i) Minimum of an Upper Second Class Degree in Agriculture (Animal Science) or BSc. Entomology, Bsc. Fish & Aquaculture.
(ii) Proven research in the above specialization is an added advantage

Duties: Conduct Lectures and practicals in the above specializations. Supervise students Research projects & Participate in writing winning proposals.

3. Department of Agriculture Extension Education.

(a) Post: Teaching Assistant (2)

Qualification: (i) Minimum of an Upper Second Class Degree in Agricultural (Agriculture Extension/Agricultural Education).

Duties: Conduct tutorials and practicals in agricultural extension. Assisting in research & Writing research reports. Assists in lecturing undergraduate courses.

4. Department of Agricultural Economics & Agribusiness.

(a) Post: Teaching Assistant (3)

Qualification: (i) Minimum of an Upper Second Class Degree in Agriculture (Economics Option or Bachelor of Agribusiness Management.

Quotation of Reference is Essential

Duties: Assist in teaching undergraduate students; assist in organizing Field work for Students.

5. Department of Crop Science.

(a) Post: Teaching Assistant (1)

Qualification: (i) Minimum of an Upper Second Class Degree in Agriculture (Crop Option).

Duties: Assist in teaching undergraduate students.

FACULTY OF FORESTRY & NATURE CONSERVATION
--

1. Community Forestry & Extension.

(a) Post: Lecturer (1)

Qualification: (i) PhD in Natural Resource Management
(ii) A Master of Science in Environmental Science. Or Development Studies.

Duties: Teaching, examining and supervising Undergraduates and Post graduate Students. Conducting Research, Community Outreach services & providing academic leadership to the department.

(b) Post: Assistant Lecturer (1)

Qualification: (i) Minimum of an Upper Second Class Bachelor of Arts Degree in Social Sciences or Community Forestry.
(ii) A Masters Degree in Rural Development or Education or Forestry/ Agro forestry

Duties: Teaching Undergraduate Courses & Supervision of special research projects. Participate in Community outreach programmes

(c) Post: Teaching Assistant (1)

Qualification: (i) Minimum of an Upper Second Class Degree in Agriculture, Community Forestry, Information Technology & Communication.

Duties: Teaching Undergraduate Courses, research supervision & field attachments.

2. Forest Management.

(a) Post: Assistant Lecturer (1)

Qualification: (i) Minimum of an Upper Second Class Science Degree in Forestry.
(ii) A Masters Degree in Forestry, Agro forestry, Natural Resources
(Area of specialization: Forest Mensuration).

Duties: Teaching Undergraduate Courses & Supervisor of special research projects.
Participate in Community outreach programmes

(a) Post: Teaching Assistant (1)

Qualification: (i) Minimum of an Upper Second Class Science Degree forestry (Area of interest Biometrics).

Duties: Teaching Undergraduate Courses, research supervision & field attachments.

FACULTY OF SCIENCE

1. Department of Geology.

(a) Post: Assistant Lecturer (1)

Qualification:(i) Minimum of an Upper Second Class in Petroleum Technology & Petro-Chemistry
(ii) A Master of Science Degree in Petroleum Technology & Petro-Chemistry.
(iii) Specialization in Petroleum Technology/Engineering is an added advantage.

Duties: Teaching Undergraduate Courses. Conduct Practicals & Field Demonstrations.
Supervise Field work & Field attachment for Students

(b) Post: Teaching Assistant (1)

Qualification: (i) Minimum of an Upper Second Class Science Degree in Geology.
(ii) Knowledge of Rift Grabens and their potential to host Petroleum is essential.
(iii) Evidence of research in Petroleum Geology specializing in areas of Stratigraphy, Sedimentology or Basin analysis is an added advantage.

Duties: Teaching Undergraduate Courses, research supervision & field attachments.

2. Department of Botany.

(a) Post: Principal Herbarium Curator (1)

Qualification: (i) PhD in Botany (Plant Taxonomy as area of specialization).
(ii) One year in Herbarium/ Collections Management.

Duties: (i) Responsible for day to day running of botanic gardens.
(ii) To be in charge of the general management of herbarium collections/
Collections Manager & curating specimen.

(b) Post: Lecturer (1)

Qualifications: (i) A PhD in Microbiology, Plant Pathology, Mycology.

Duties: Teaching Under graduate & Postgraduate Students in microbiology, Plant.
Pathology & Virology. Supervise Students for research.

(b) Post: Assistant Lecturer (1)

Qualification: (i) Minimum of an Upper Second Class degree in Statistics or Biostatistics
(ii) A Master of Science Degree in Biostatistics or related field.

Duties: Teaching Undergraduate Courses. Supervise Field work & Field attachments for
Students

(c) Post: Teaching Assistant (2)

Qualification: (i) Minimum of an Upper Second Class Science Degree (with specialization
Ethnobotany or Conservation Biology).

Duties: Teaching Undergraduate Courses, research supervision & field attachments.

3. Department of Physics.

(a) Post: Lecturer (2)

Qualifications: (i) A PhD in Physics

Duties: Teaching Under graduate & Postgraduate Students in Astronomy and
Astrophysics or Space Science or Electronics. Supervise Post graduate
Students in research.

(b) Post: Assistant Lecturer (2)

Qualification: (i) Minimum of an Upper Second Class Degree in Physics.
(ii) A Masters of Science Degree(Solar Radiation/Solar Energy, Astronomy &
Astrophysics, Space Science Electronics) as areas of specialization.

Duties: Teaching Undergraduate Courses. Carry out research & demonstrations in the
Laboratories.

4. Department of Mathematics.

(a) Post: Associate Professor (3)

Qualifications: (i) A PhD in Mathematics (Algebra or Operations Research or Mathematical Statistics).

(ii) Evidence of Pedagogical skills.
