Improving **W**eather **I**nformation **M**anagement in **E**ast **A**frica for effective service provision through the application of suitable **ICTs**

Improve the **accuracy** of and **access** to **weather information** in East Africa through ICTs for increased **productivity** and **safety**

Partners

Building capacity for REDD+ in East Africa for improved ecosystem health and for sustainable livelihoods in Eastern Africa (UGA-13/0019)

Prof. John RS Tabuti (Principal Investigator)

- REDD+ is aimed at supporting activities to reduce CO₂ emissions that are caused by deforestation and forest degradation
- This project is a partnership between Makerere University (Mak), University of Dar es salaam (UDSM) and the Norwegian University of Life Sciences (NMBU)
- The project is being implemented at Mak and UDSM with the goal of Strengthening capacity for education and research on climate change and REDD+ at Mak and UDSM.
- The main outputs are:
 1. Develop capacity for REDD+ implementation and coordination
 2. Build an information system for REDD+

Norwegian University
of Life Sciences

***Building and Reflecting on
Interdisciplinary PhD Studies for
Higher Education Transformation***

Makerere Institute of Social Research (MISR)

College of Humanities and Social Sciences

Makerere University

In Partnership with
UiB Global, University of Bergen

Survival - Pluss: Increasing capacity for mama-baby survival in post-conflict Uganda and South Sudan under the theme of Health

Leapfrogging 1st Generation Distance Education into 4th and 5th Generation Distance Education: A Strategy for Enhancing ICT Pedagogical Integration and Increasing Access to Education in Africa

Partner

**BORDERLAND DYNAMICS IN EAST AFRICA. A
*network program for capacity building within
departments of social anthropology in East African
Universities.***

The Project shall be run in collaboration with the (1) Department of Social Anthropology, Addis Ababa University, Ethiopia, (2) Department of Sociology and Anthropology, University of Khartoum, Sudan, and (3) Department of Sociology and Anthropology, Makerere University,

Other Partner Institution(s): Organisation for Social Science Research in eastern and Southern Africa (OSSREA), in the North: Department of Social Anthropology, University of Bergen and Chr. Michelsens Institute (CMI)

Train; PhD & Masters, conduct dissemination

Capacity building in Zoonotic diseases Management using Integrated Ecosystems health and gender-focused approach (CAPAZOMANITECO) at the human-livestock –wildlife interface in the Eastern and Southern Africa

Partners

**BORDERLAND DYNAMICS IN EAST AFRICA. A
*network program for capacity building within
departments of social anthropology in East African
Universities.***

The Project shall be run in collaboration with the (1) Department of Social Anthropology, Addis Ababa University, Ethiopia, (2) Department of Sociology and Anthropology, University of Khartoum, Sudan, and (3) Department of Sociology and Anthropology, Makerere University,
