The Conference

eLearning Africa is the key networking event for ICT enhanced education and training in Africa. The three-day event is a must for those wanting to develop multinational and cross-industry contacts and partnerships whilst enhancing their knowledge, expertise and abilities.

Discover the stories, experiences, research, thinking and expertise that make up the complex but thrilling picture of ICT for development, education and training in Africa today, under the overall theme of **Opening Frontiers to the Future**.

- 60 parallel sessions
- 4 keynote sessions
- Practical workshops
- Product launches
- Special interest group meet-ups
- Best practice showcases
- Expert meetings

Pre-Conference Events, May 28th

For a hands-on workshop on digital video media authorship, an introduction to the latest OER4Schools, tips for learning design with FOSS and many other practical topics, register online for one of our optional Pre-Conference Events.

Programme Highlights

Find out how a single teacher can make a difference as Lucille Kabelo Mahlatsi from Leqele High School, Lesotho, will motivate you on the topic of Integration of technology in your classrooms. Edward Nyika, of Gayaza High School in Uganda, will share his experiences of the changing role of ICT school experts in school systems.

Is social media actually a tool to raise learning outcomes at university level? Ayotola Aremu, University of Ibadan, Nigeria, knows all about Using Facebook to Enhance Teacher Education.

Meet these speakers and many others at www.elearning-africa.com/featured

Exhibition

Book a stand in the eLearning Africa exhibition to promote your activities, give demonstrations and hold meetings with the most important multipliers and decision makers.

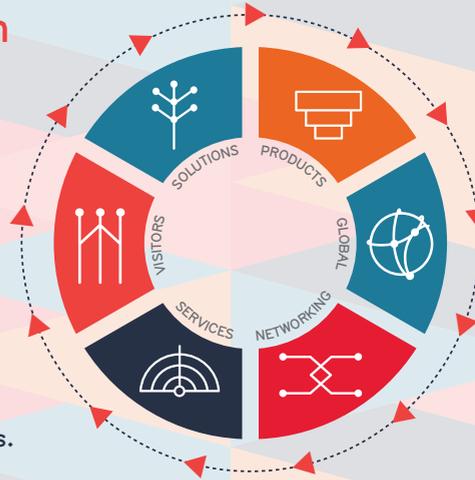

Contact: marketing@elearning-africa.com

Registration

Ugandan Nationals Based in Uganda
(not working for international organisations or global corporations):
use the special rate code 'AC 102' when registering € 310
African Students Based in Africa* € 150
*Copy of Student ID required

The fees include conference materials, coffee breaks, lunches, reception and dinner on the main conference days. Group rates are available upon request. The above-mentioned fees do not include pre-conference events, accommodation, travel costs or the Book of Abstracts. In order to encourage local engagement and maximise the regional impact of the conference, Ugandan participation is being partially subsidised by ICWE.
