You may register for any courses for which you have the appropriate time available and the requisite background skills and knowledge. The University of Cape Town operates on a calendar year system from February to November. The year is divided into two semesters. The first semester runs from February to June and the second semester runs from July to November. Any courses marked with a suffix H or W run over both semesters and semesterised courses have a suffix F (first semester) or S (second semester) at the end of the course code.

It is important to note that registration for a course commits a student to participating fully in all aspects of that course; this may entail group work, projects or field trips. It is important to establish the requirements of courses you are considering if you are not certain of your ability to commit.

## STEP 2:

**Obtain proof of English Language Proficiency.** The medium of instruction at UCT is English. You must have attained one of the following levels of proficiency in English:

### South African Applicants:

- A pass in the TOEFL test (the Test of English as a Foreign Language) with a score of at least 570 on paper-based TOEFL; OR
