Oh God, whose unfailing providence sustains the world we live in and the life we live; we do thank you for our creation, preservation and for all the blessings of this life.

We thank you that we have a country we call our motherland: Thank you for this wonderful heritage you gave us and the freedom to undertake our various pursuits in life.

We pray that you will keep our country well guarded at all times, that the citizens of this country and aliens will seek for and find you as the source of all sustenance.

We thank you for our President General Yoweri K. Museveni for his selfless and diligent shepherding of ~~the affairs of~~ this country. Grant him more fortitude, virtue and grace to lead this nation to ~~peace~~, tranquility and fruitfulness and that he will be a channel of more blessing, justice and peace.

Protect him from all his enemies, and guide his heart to always desire and pursue that which is true, noble, just, excellent and godly.

We commit our university to you that it shall remain as a centre of sound learning, research and study and keep it an unspoiled name.

We ask all these in the name of our risen and exalted Lord and king Jesus the Christ.

Amen.
