Makerere University Business School

The Principal, Makerere University Business School to present the following for the Conferment of the Degree of Doctor of Philosophy

KASEKENDE Francis

Conferment of the Degree of Doctor of Philosophy

KASIGWA Gerald

“Moral Reasoning, Moral Motivation, Professional Commitment and Reduced Audit Quality Behaviour of External Auditors in Uganda”

Mr. Kasigwa examined how the auditing profession in Uganda can reduce external auditors' engagement in reduced audit quality behaviour through their moral reasoning, moral motivation and professional commitment. Based on a sample of 313 external auditors (only CPAs), this study found that 94 percent of the respondents admitted to engaging in at least one reduced audit quality act. In order for the auditing profession to minimise reduced audit quality behaviour, it is proposed that keen attention be paid to: auditors' moral reasoning, moral motivation and Professional Commitment. The study was self sponsored and was supervised by Prof. John Munene, Prof Joseph Ntayi and Dr. Isaac Nkote.
