**JUSTICE** startup!

Innovating Justice  
**CHALLENGE**  
2017

**APPLY BY 30 JUNE 2017 for up to 20,000 EUR  
in equity-free funding, acceleration for 6 months,  
access to an international expert network,  
and potential further funding.**

## WHAT IS JUSTICE INNOVATION?

In the way that justice is synonymous with fairness, justice can refer to a broad range of issues. Within this broad range of issues, the HiiL Justice Accelerator is focused on a particular aspect of justice: the legal element.

We specifically search for **innovations that create rights awareness, provide access to legal services or dispute resolution and improve efficiency and transparency in the existing legal system.**

In 2017 we are focusing on **six pain points** present in many justice systems around the world:

### MIGRATION & HUMAN TRAFFICKING

### FAMILY JUSTICE

### FAIR EMPLOYMENT

### LAND & PROPERTY RIGHTS

### CRIME & LAW ENFORCEMENT

### NEIGHBOURING DISPUTES

*Applications are also welcome for innovations not specifically addressing any of these pain points but still addressing a justice need in their community.*

**APPLY BY 30 JUNE 2017**  
at [www.innovatingjustice.com](http://www.innovatingjustice.com)!
