

CALL FOR CONFERENCE EXHIBITORS

OHCEA 3RD ONE HEALTH INTERNATIONAL CONFERENCE

"HARNESSING ONE HEALTH FOR GLOBAL HEALTH SECURITY"

Background

Between July 24th to 26th 2019, the One Health Central and Eastern Africa (OHCEA) will hold its 3rd One Health Conference under the theme "Harnessing One Health for Global Health Security" see details <http://www.conference.ohcea.org/> The conference will be held at Imperial Royal Hotel, Kampala. USAID is the main sponsor of the conference under its Emerging Pandemic Threats (EPT 2) Program. This is a unique opportunity for profit and not-for-profit agencies to showcase their ground-breaking innovations, cutting edge diagnostics, medical interventions and One Health solutions to a continental and global audience under the themes:

Sub-theme 1	One Health workforce development
Sub-theme 2	One Health and Antimicrobial Resistance (AMR)
Sub-theme 3	Zoonotic Disease Surveillance and Control for One Health
Sub-theme 4	Community and government engagement for One Health
Sub-theme 5	Partnerships and collaboration in One Health
Sub-theme 6	Environmental Management for One Health
Sub-theme 7	Policy, Social and Economic issues of One Health

Over 350 One Health global practitioners, scientists, students and young professionals from diverse disciplines (health professionals from human, animal, environment; health policy decision makers, social scientists, industry) will convene in Kampala to showcase, learn, be educated on decades of ground breaking multi-disciplinary innovations and scientifically proven facts about One Health, global health security, public health management, social and economic implications.

Why Exhibit at this Conference?

The conference offers a one-stop centre of a collection of people from all over Africa, Europe, the Americas and Asia. You have three days to interact with them and share your exhibit, showcasing your expertise. There will be practitioners who may find your innovation useful in their practice, innovators

who may provide useful networks for collaboration and students who can quite easily be your next generation of innovators. Policy makers can provide useful linkages to those elusive but crucial circles. The organizers will provide a platform to showcase and disseminate knowledge management products and innovations in One Health

Date and Venue

The one Health innovation and knowledge management exhibition will be held 24th-26th July 2019 starting at 8:30am daily. The venue is Imperial Royale Kampala

Exhibition Space

The exhibition space will be provided by the organizers. The exhibition will be within the Hotel and therefore exhibitors need not to carry exhibition tents. Tables will be provided to all exhibitors. Lunch will also be provided to a maximum of 2 exhibitors per Team

Exhibition Fees

Organizations/ projects/companies	USD 200 / UGX 700,000
Students	FREE (considering early applicants and innovative ideas/projects)
