

Makerere University, Directorate of Research and Graduate Training (DRGT) with support from the Consortium for Advanced Research Training in Africa (CARTA) Institutionalization program has organized a PhD crosscutting course:

Qualitative Data Analysis, Interpretation and Presentation

Dates: Wednesday, 2nd to Tuesday, 15th December, 2020

Training mode: Online/Virtual training using MUELE online platform

Target audience/Eligibility: PhD students. Max. No: 50 on the basis of first come-first served.

Course Content:

The content will include:

- ✓ The Qualitative research paradigm
- ✓ Generating qualitative research data
- ✓ Making a qualitative data analysis plan, linking research questions with the analysis
- ✓ Deductive and inductive coding: developing a codebook to guide the analysis
- ✓ Computer-Assisted Qualitative Data analysis (CAQDAS) e.g. Nvivo or Atlas.Ti
- ✓ Setting up a project e.g. in Nvivo or Atlas Ti
- ✓ Importing data into the software (e.g. transcripts, audios and videos)
- ✓ Qualitative data analysis approaches (thematic analysis, content analysis, analytical induction)
- ✓ Creating codes & a codebook (deductive analysis) or emerging themes (inductive coding)
- ✓ Coding the data (assigning codes to chunks of text): drag and drop, use of menu, use of ribbon icons
- ✓ Exploring and querying your data: text & code queries
- ✓ Data visualization e.g. network analysis, word trees
- ✓ Interpretation of qualitative the data out puts
- ✓ Criteria to assess the validity of qualitative research
- ✓ Writing qualitative research results (quotations, tables)
- ✓ Triangulation of data

Interested PhD students should submit application to: conference@rgt.mak.ac.ug and copy to andietam@gmail.com not later than Sunday 29th November, 2020. Please include “Qualitative data analysis training 2020” in the subject header of the email.

NB: THE SELECTED APPLICANTS WILL BE INFORMED BY 30th NOVEMBER, 2020.
