

Gender mainstreaming in Energy Technology Network (EnergyNET) Project

PLANS & ACTIVITIES

Karidewa Nyeinga Makerere University

Partner Universities

- NTNU Trondheim Main coordinator
- Makerere University
- University of Dar es Saalam
- Addisababa University
- Mekelle University
- Eduardo Mondalen University – Maputo
- University of Malawi
- University of Juba

EnergyNET (MAK): Small Scale solar thermal energy Storage

- Thermal energy storage system for off grid cooking applications
- Field testing: selected schools in refugee camps
- Social aspects of the cooking technologies
- Scholarships

Gender mainstreaming- Plans

Solar PV training for female students

- Support female students acquire skills & competence in PV design & installation
- Biogas
- Network with industry

PV training.....

- Acquire skills for job
- Build competence for research

Outreach to rural schools – Mobile laboratory

Access to equipment Demonstration – functioning/use of equipment

Rural schools:.....Mobile laboratory

Outreach to rural schools- career guidance

Outreach to rural schools- career guidance

Motivation: Trs & students

Challenges – mobile lab

- The big numbers of students
- Several schools
- Limited no. of equipment & demonstrators.
- Limited time to be in the field

Acknowledgement

- NORAD for financial support thru NORHED II: EnergyNET Project
- Research collaboration with NTNU-Trondheim, Mekelle University, Addisababa University, University of Dar es Saalam, Eduardo Mondlane University-Maputo.
