6th September 2023

The Makerere University Community and all Stakeholders

COMMUNICATION FROM THE CHAIRPERSON

We would like to thank the Makerere University Management for taking seriously the allegations of religious inequality and discrimination as raised by some members of the University Community subscribing to the Born-Again Faith. This gesture is a very clear indicator that Makerere University is indeed an inclusive institution that upholds the freedom of religion and worship for all members of the University Community.

Without mincing our words, we know that matters of faith are very personal and dear. In the spirit of leaving no one behind, we will do our best to accord the necessary platform to all interested parties including our dear students, staff and the public to propose measures for addressing the current situation. Our assurance to all stakeholders involved and concerned is that we will run a very transparent process in the collection of all the necessary information to enable management and Council take a decision.

We will publish a schedule of our activities including proposed meeting venues for the data collection process in the days to come. As a committee, we also assure you of our commitment to work with all stakeholders until this matter is brought to a logical conclusion in a manner that promotes equity and social order.
