COLLEGE OF COMPUTING AND INFORMATION SCIENCES

CENTER FOR INNOVATIONS & PROFESSIONAL SKILLS DEVELOPMENT (CIPSD)

IT PROFESSIONAL TRAINING – SPECIAL INTAKE (26th AUGUST 2024)

The Center for Innovations and Professional Skills Development (CIPSD) is famously known for equipping students and professionals with practical computer knowledge and hands-on tech skills to support a 21st century knowledge-based economy. The center strategically offers training that is responsive to the needs of society. This is achieved through tailoring courses towards what the industry demands.

CIPSD has organized practical training in Networking, Programming and Database Administration (Oracle). This training will start on 26th August 2024. It's open to COCIS / MUK students and anyone who is passionate about leaning tech stuff practically.

NOTE:

1. MUK students with a valid University ID or admission letter are entitled to a special discount.
2. Flexible training sessions (Day, Evening and Weekend)
3. At the end of the training, each participant will get a certificate.
4. COCIS students who have just finished recess are encouraged to apply.

HANDS - ON SKILLS COURSES				
No.	SKILLS COURSE	DURATION	COCIS / MUK STUDENTS	OTHERS
1	Networking(CCNA)	5Months	400,000/=	700,000/=
2.	Programming in Python	2Months	400,000/=	700,000/=
3.	Database Administration	3 Months	700,000/=	800,000/=

COURSE DETAILS

1. **Cisco Certified Network Associate (CCNA):** CCNA validates knowledge and hands-on skills in networking, and it's a commonly requested IT certification especially in networking roles.
2. **Programming in Python:** You will learn how to code from scratch and solve real world problems. You will also learn popular modules, libraries, and tools for python.
3. **Database Administration (Oracle):** By learning Oracle Database Administration, you position yourself at the forefront of database management, where you can ensure **data integrity, performance tuning, and disaster recovery**. Mastery of this technology opens doors to roles in numerous industries, as it is utilized by major Companies / Organizations.

CIPSD has a number of hands-on skills courses. Please contact us for a detailed conversation
