Science-Policy-Practice Dialogue Sessions

The 4th International GORILLA conference will be embedded with two dialogue sessions aimed at bridging the gaps between science, policy, and practice, with a focus on generating actionable and policy-oriented measures to drive societal transformation. These sessions will involve panelists from academia, parliamentary forums, development actors, practitioners, and local community members discussing critical issues in the global development agenda.

Excursion

A three-day post-conference field excursion will be organized to the Rift Valley in Western Uganda. The excursion will explore interesting features of Western Uganda, including the Great East African Rift Valley. We will explore the mind-body and nature. The cost of the excursion is \$300, covering transport, park entry fees and meals.
